Dear Friend,

On behalf of Children's Hospital of Wisconsin, I would like to ask for your consideration to support Michael Drake in his efforts through sales of "The Blue Swing Package" at various fundraising events benefiting Children's Hospital of Wisconsin.

This Package includes one of his published original children's stories, "The Blue Swing" from The Growing Books Vol. I, and a blue Swing donated by PlayStar Inc. Your contribution will support patient care and equipment needs, medical and community education programs, child advocacy initiatives and pediatric medical research.

It is only through the generous support of our community that Children's Hospital can continue to provide the best pediatric care available. Thousands of children are treated each year for all types of illnesses, injuries, birth defects and other disorders. Care is provided for children from Wisconsin, the Upper Peninsula of Michigan and beyond regardless of race, creed, or ability to pay for services.

Thank you for your consideration to support Michael Drake in his efforts to support the only hospital in Wisconsin dedicated solely to the care and treatment of children. For your tax purposes, our tax-exempt number is 39-1500075.

Sincerely,

Megan Van Deurzen
Special Events Assistant
Children's Hospital of Wisconsin Foundation

Dear Michael:

Thank you very much for providing music at the Sports Celebrity Fest on October 5th. The crowd was crazy about your music (as we knew they would be) and it added so much to the excited, party atmosphere of the Fest. I hope the No Tan Lines Band enjoyed themselves, too.

It is very generous of you to do this show for us at such a small fraction of your usual fee and we are grateful. Although it doesn't begin to recompense you, I'm very glad that our state office has hired you to provide the music for the athletes at our Fall Sports Tournament. It's a big crowd and they're avid for music of all kinds so you'll be playing to a very appreciative audience.

Thanks again, Michael for your wonderful music and your generosity. I hope you have a wonderful Fall and winter. If you go to Florida, I hope you don't run into any hurricanes.

Cordially,

Amy

Milwaukee, WI 53207

Dear Michael:

On behalf of myself and my committee, I want to thank you and your band for your support and participation in my very first **Dan Jansen Celebrity Golf Classic,** everyone enjoyed the great music!

I am pleased to report that 160 golfers, including more than 30 celebrities, played in the inaugural charity event. Coupled with Sunday's Pairs Drawing/Auction & Raffle -- which attracted more than 400 people -- we were able to raise approximately **$90,000 for the Dan Jansen Foundation.** These funds will be used to support the fight against leukemia (to create a research grant in the name of my sister, Jane Beres), the KIDS ON ICE program at the Pettit National Ice Center and the AT Children's Project.

Your support is greatly appreciated and helped make this year's event truly a fun, memorable (and profitable) experience.

For the record, the **1995 Dan Jansen Celebrity Golf Classic** was won by the team from Gary Grunau Company with Mike Eruzione as their Celebrity, and the Regis Marketing Group with Jan Stenerud as their Celebrity won the Gold Ball event. However, each participant was a winner in the eyes of the ultimate winner, all the patients, kids and others who will benefit from your generosity in support of the Dan Jansen Foundation.

Again, thank you for caring and for your support. I am proud and grateful to have you on the "**Dan Jansen Celebrity Golf Classic**" team.

Cordially,

Dan Jansen Thanks a lot!

Dan Jansen

P.S. We are already making plans for the **1996 Dan Jansen Celebrity Golf Classic** to be held on September 16, 1996 at North Hills Country Club. Hope you can join us!

Dear Mike:

I want to take this opportunity to thank you for your generous donation to my first annual ***Dan Jansen Celebrity Golf Classic***.

We had a very successful first event, and it was only because of people like yourself who took the time to work with Stacy and donate so very generously. We had alot of fun, and raised more money than I ever anticipated for the first year. I am so glad you could be apart of the festivities.

I hope that next year, you will again be apart of the "Dan Jansen Golf Classic Family" and you will be able to work with us towards a successful second annual. If there is anything I can ever do for you, please do not hesitate to ask. And again, thank you very much for your help, donation and kindness.

Have a great upcoming holiday season, and best wishes to you and your family and your band members!

Sincerely,

Dan Jansen

Dear Michael,

On behalf of the board directors, staff, friends and program participants of United Cerebral Palsy of Southeastern Wisconsin, Inc., I want to express our sincere appreciation. As always, your performance was absolutely fabulous, appealing to a wide variety of personalities and "Tastes".

The Italian Community Center staff and the guests commented on how appropriate your music and commentary was, including the volume, for this event. Thank you for entertaining the crowd, your talent, humor and kind demeanor was enjoyed by all present.

I hope that you had fun and got to savor some of the delicious food! I look forward to talking to you soon. Please feel free to call me if I or UCP can help you with anything. Take care and enjoy the beginning of "Carribean" weather in Milwaukee!

Michael Drake
2600 E. Ohio
Milwaukee, WI 53207

Dear Michael,

Thank you so much for your time and effort at the fifth annual Walk With The Animals to fight Duchenne muscular dystrophy. We are proud to report that over $9,000 was raised to further research efforts in the fight against Duchenne Muscular Dystrophy.

Duchenne is the most common form of childhood muscular dystrophy. It primarily affects young boys and is usually diagnosed between the ages of two and six. It is characterized by frequently falling, difficulty getting up, and an apparent enlargement of the calf muscles. The progression of Duchenne varies from client to client. In later stages breathing becomes difficult causing respiratory infections and heart problems. The life expectency of someone with Duchenne is mid-20's.

Although no cure has been found, MDA-funded research has solved many of the mysteries surrounding Duchenne. In 1986, MDA researchers identified the defective gene that is responsible for the disease. They discovered that the gene's failure to make a working version of the muscle protein dystrophin is the cause of the disease. Further efforts have led to the discovery of how to treat and cure Duchenne in laboratory mice. Your help has ensured that these vital efforts will continue until a cure is found for all Duchenne clients.

Thanks again, Michael! Your support and dedication has really made the difference! We hope you keep us on your calendar for next year!

Warm regards,

Linda Garcia

Dear Michael ,

We at United Cerebral Palsy of Southeastern Wisconsin (UCP-SEW) want to **thank you** for your support this past year. **As you already know, our work is so very important.** Cerebral palsy is not a disease, **there is no cure**. Children and adults with cerebral palsy need *lifelong services* to help them thrive. **We want you to know how much we value your support.** You really help us "make it happen" for children and adults with disabilities.

With your continued support in 1997, we look forward to helping many more people realize their potential and obtain their dreams. We believe in the **Promise of People** - that everyone should be seen for their abilities, not their disabilities. Peace & joy to you and your family this holiday season.

Sincerely,

Bridget

Bridget Bannon
Director of Development
and Communications

As a person who has graduated from college, been a competitive athlete, worked my entire life and have the joys of being a husband and father, I want everyone to have the same opportunities as I have had.

Mildly affected by cerebral palsy myself, I know how sometimes achieving these things are difficult. With additional help, children and adults who are severely affected can do so much more.

That is why I believe so much in the programs of UCP and why I am Board President. I have committed myself to making UCP a strong organization which will continue to serve children and adults with disabilities. Please join me in supporting UCP this year, and for years to come.

Dear Michael:

Well, Vampire Joe's First Annual Halloween Run, Walk & Roll is behind us. And while we are already gearing up for our upcoming events*, we first wanted to thank you for your tremendous support.

The checks are still coming in, but it appears we will raise over $32,000! For a first time community run, Vampire Joe's can be considered a great success! Experienced runners gave Sunday an "A" for a first time event! That success can be directly attributed to you (and others like you) for your support. United Cerebral Palsy (UCP) thanks you for providing fantastic musical entertainment. We hope your contribution has left you with a positive feeling by allowing thousands of your neighbors to continue to receive vital services to maintain their independence.

If you have any ideas to improve the event feel free to call us at 272-4500. As a matter of fact, we would love to have you join our planning committee to help build a bigger and better Vampire Joe's for next October.

Once again, thanks for everything. We look forward to hearing from you and we'll keep you informed of our plans for next year.

WISCONSIN CONSERVATORY OF MUSIC

♬ *A Community Music School* ♬
All Instruments -- All Styles
All Ages -- All Abilities

November 5, 1996

Michael Drake
P.O. Box 07134
Milwaukee, WI 53207

Dear Michael,

On behalf of the faculty, staff, Board and, especially, the students of the Wisconsin Conservatory of Music, I wish to thank you for your in-kind donation of your CD "Welcome to my Island" to the Conservatory Library, valued at $15.00. *While it is the responsibility of the donor to value the donation, this is our good faith estimate.*

In-kind support is extremely valuable to the Conservatory because it defrays expenses that would otherwise need to be paid from our operating budget. Your donation keeps the Conservatory (and Milwaukee's musical culture) healthy and vibrant, and is very much appreciated!

The past year has seen many changes at the Wisconsin Conservatory of Music. We've opened new branches and maintained existing ones throughout Milwaukee. We've developed a cooperative degree program with Cardinal Stritch College and expanded our Music Therapy/Adaptive Music Program. We are working with public schools to provide specialized instruction. We have budgeted for -- and received -- more scholarship funding than ever before. **Your in-kind contribution has helped make this progress possible! Thank you again.**

The Wisconsin Conservatory of Music, the oldest and largest independent music school in the state, provides the finest musical education and performance opportunities not only to the aspiring professional musician but also to children and adults who desire cultural enrichment and self-fulfillment. Founded in 1899, the Conservatory offers private lessons, class instruction, performances and a nationally recognized music library. Over 70 degreed professional teachers and performers serve on the faculty; over 1,000 students are enrolled each full semester; and over 100 concerts and recitals are open to the public annually. The Conservatory demonstrates its commitment to the community by providing scholarships and financial aid to the musically talented and to the economically disadvantaged.

Sincerely,

Joyce

Michael Drake
Michael Drake and the No Tan Lines Band
2600 E. Ohio
Milwaukee, WI 53207

Dear Michael;

On behalf of the Muscular Dystrophy Association and the individuals we serve, thank you for sponsoring a rest stop at the sixth annual Walk With The Animals! Your calypso sounds are always a huge hit with children of all ages.

No Lion! We are proud to report that more than $15,000 was raised to benefit more than 80 children in southeastern Wisconsin affected with Duchenne muscular dystrophy. Over 350 walkers joined MDA on a beautiful and sunny day at the Milwaukee County Zoo for a roaring great time. Walkers enjoyed the wonderful weather, great entertainment and good food, while helping raise awareness and money for Duchenne muscular dystrophy.

With your efforts, there is hope…we're getting closer to finding a treatment and a cure. Recently, MDA-funded research has lead to a break-through in gene therapy treatment for those affected by Duchenne muscular dystrophy. This is by no means a cure, but a gigantic step closer to conquering this disease.

Your help ensures that these vital efforts will continue until a cure is found for all Duchenne clients. Please pass along my gratitude to the members of your band, who also helped make the day a success. Thank you again, Michael. Your generosity has really made the difference!

I have processed your bill through our National office and you should be receiving your check in the next couple of weeks. Please give me a call if you have any questions.

Sincerely,

Linda

Milwaukee, WI 53207

Dear Michael,

On behalf of the entire staff, volunteers, and patient families, I would like to extend our sincere thanks for your help in making the Light the Night 2000 a huge success. On Thursday, September 21st, 812 walkers together with tremendous support from their friends and family raised $92,620!

Your enthusiasm throughout the evening was great. I appreciate your help with announcements and especially the raffle. It really turned out to be a great night.

All proceeds from this one-day event supports the mission of The Leukemia & Lymphoma Society: Cure leukemia, lymphoma, Hodgkin's disease, and myeloma and to improve the quality of life of patients and their families. You should be very proud that you have made a significant difference in those lives touched by blood-related cancers. Thank you.

Dear Mr. Drake:

The enclosed award is given to you in sincere appreciation of your support of the Muscular Dystrophy Association during 1999-2000. Your participation in MDA's programs and events has a great impact on the lives of children and adults with neuromuscular disease.

Your dollars are making a difference! Check out the very latest research advancements:

- **Human Genetic Code** – Researchers have identified all of the pieces of DNA that make up the human genome. This will allow them to find disease-causing genes and the more subtle "risk factor" genes that increase the chance of developing disorders such as ALS, or Lou Gehrig's disease.

- **Stem Cells** – Building new muscle to replace that lost to a genetic disease requires the combination of many areas of scientific knowledge including stem cell technology. Recently, researchers isolated stem transplanted from one mouse to another.

- **Bioartificial Muscles** – Researchers have created small artificial muscles that may one day be used for structural muscle replacement. The goal is to grow large amounts of muscle to replace that lost in patients.

I hope you are excited about the recent research developments and take pride in knowing that you helped make them happen. Thank you for being a part of the MDA family. We're grateful we can count you among our friends.

Warmest regards,

Linda Garcia
MDA District Director

Dear Michael,

Wow! What a fabulous entertainer you are! Your contribution to making Pasta Fest '95 a success was greatly appreciated by all who had the privilege to hear you. Your ability to get the audience, especially the children, involved in your performance put smiles on everyone's faces.

On behalf of the Pasta Fest committee and Women for MACC, thank you for contributing your time and talent toward helping to find a cure for childhood cancer.

You are number ① in our hearts. If you would be able to participate next year in this event the date is February 11th at Serb Hall. I will be contacting you with the hope that you will again participate in Pasta Fest, and I would like to talk with you regarding advertising.

Sincerely,

Dear Michael,

Pasta Fest 97' was another success thanks to you. The final numbers are not in yet, but I've been told we have raised around $12,000 for the MACC Fund - finding a cure for childhood cancer. We couldn't have done it without you and your microphone, THANK YOU!!

The Michael Drake Band was also another success for Pasta Fest. As always the audience loved to watch you perform, you are a wonderful entertainer and we are lucky to have you supporting the MACC Fund. We hope you enjoyed yourself and the spaghetti dinner, as much as we enjoyed having you again.

We also hope you will join us again next February for "PASTA FEST 98". A final date has not yet been decided, but please keep us in mind. If you have any comments or concerns please feel free to call me.

Thank you again, Michael, for donating your time and talent to find a cure for childhood cancer. Your a good person!!

Dear Michael Drake,

Thank you very much for helping to make 1996 a tremendously successful WalkAmerica year. By donating your time to perform at WalkAmerica assisted us in providing the best possible walking event ever.

Although final counts are not in, we anticipate making and possibly exceeding our goal of $150,000 for the March of Dimes Birth Defects Foundation. The dollars that your contribution allowed us to receive will fund the Campaign for Healthier Babies. Through research, advocacy, education and community service the monies raised will ensure the health of babies by preventing birth defects and infant mortality here in Southeastern Wisconsin and throughout the country.

Nearly 2,000 walkers joined in to make all this happen. We thank you again for doing your part to encourage this tremendous participation and hope you will continue to support WalkAmerica and the March of Dimes Campaign for Healthier Babies.

Sincerely,
FOR HEALTHIER BABIES

Milwaukee, WI 53207

Dear Michael,

Thank you so much for your time and effort at the fifth annual Walk With The Animals to fight Duchenne muscular dystrophy. We are proud to report that over $9,000 was raised to further research efforts in the fight against Duchenne Muscular Dystrophy.

Duchenne is the most common form of childhood muscular dystrophy. It primarily affects young boys and is usually diagnosed between the ages of two and six. It is characterized by frequently falling, difficulty getting up, and an apparent enlargement of the calf muscles. The progression of Duchenne varies from client to client. In later stages breathing becomes difficult causing respiratory infections and heart problems. The life expectency of someone with Duchenne is mid-20's.

Although no cure has been found, MDA-funded research has solved many of the mysteries surrounding Duchenne. In 1986, MDA researchers identified the defective gene that is responsible for the disease. They discovered that the gene's failure to make a working version of the muscle protein dystrophin is the cause of the disease. Further efforts have led to the discovery of how to treat and cure Duchenne in laboratory mice. Your help has ensured that these vital efforts will continue until a cure is found for all Duchenne clients.

Thanks again, Michael! Your support and dedication has really made the difference! We hope you keep us on your calendar for next year!

Warm regards,

Linda Garcia

Dear Michael Drake,

I would like to personally thank you for your kind support during the Red Kettle Campaign of 2009. Your volunteer hours raised $707.26 on behalf of your group, Michael Drake Music. Gifts both large and small totaled nearly $500,000 this Christmas. We stand amazed when we consider the partners who help us serve in Waukesha County!

The Salvation Army of Waukesha County has served over 117 years with programs such as: food pantry, snack packs for school children to prevent weekend hunger, school supply distribution, an emergency shelter for homeless men, the community meal program which alleviates hunger for over 100 individuals three times each week, after school homework assistance and enrichment activities, music lessons, visits to nursing home and hospital patients, clothing and utility assistance, and so much more. We will continue to meet the needs of people in Waukesha County because you cared.

We thank you for helping us bring hope to others as we serve "With Heart to God and Hand to Man."

Thank You and May God Bless You!

Sincerely,

Ronald Lemirand

Major Ronald Lemirand
Corps Officer

P.S. It's not too early to sign up for Christmas 2010. Call today to reserve your shifts for next season! You also may know someone else who would love this experience. Thank you.

Dear Michael:

Thank you very much for providing music at the Sports Celebrity Fest on October 5th. The crowd was crazy about your music (as we knew they would be) and it added so much to the excited, party atmosphere of the Fest. I hope the No Tan Lines Band enjoyed themselves, too.

It is very generous of you to do this show for us at such a small fraction of your usual fee and we are grateful. Although it doesn't begin to recompense you, I'm very glad that our state office has hired you to provide the music for the athletes at our Fall Sports Tournament. It's a big crowd and they're avid for music of all kinds so you'll be playing to a very appreciative audience.

Thanks again, Michael for your wonderful music and your generosity. I hope you have a wonderful Fall and winter. If you go to Florida, I hope you don't run into any hurricanes.

Cordially,

Amy

Dear Michael:

On behalf of myself and my committee, I want to thank you and your band for your support and participation in my very first **Dan Jansen Celebrity Golf Classic,** everyone enjoyed the great music!

I am pleased to report that 160 golfers, including more than 30 celebrities, played in the inaugural charity event. Coupled with Sunday's Pairs Drawing/Auction & Raffle -- which attracted more than 400 people -- we were able to raise approximately **$90,000 for the Dan Jansen Foundation.** These funds will be used to support the fight against leukemia (to create a research grant in the name of my sister, Jane Beres), the KIDS ON ICE program at the Pettit National Ice Center and the AT Children's Project.

Your support is greatly appreciated and helped make this year's event truly a fun, memorable (and profitable) experience.

For the record, the **1995 Dan Jansen Celebrity Golf Classic** was won by the team from Gary Grunau Company with Mike Eruzione as their Celebrity, and the Regis Marketing Group with Jan Stenerud as their Celebrity won the Gold Ball event. However, each participant was a winner in the eyes of the ultimate winner, all the patients, kids and others who will benefit from your generosity in support of the Dan Jansen Foundation.

Again, thank you for caring and for your support. I am proud and grateful to have you on the "**Dan Jansen Celebrity Golf Classic**" team.

Cordially,

Dan Jansen Thanks a lot!

Dan Jansen

P.S. We are already making plans for the **1996 Dan Jansen Celebrity Golf Classic** to be held on September 16, 1996 at North Hills Country Club. Hope you can join us!

Dear Mike:

I want to take this opportunity to thank you for your generous donation to my first annual ***Dan Jansen Celebrity Golf Classic***.

We had a very successful first event, and it was only because of people like yourself who took the time to work with Stacy and donate so very generously. We had alot of fun, and raised more money than I ever anticipated for the first year. I am so glad you could be apart of the festivities.

I hope that next year, you will again be apart of the "Dan Jansen Golf Classic Family" and you will be able to work with us towards a successful second annual. If there is anything I can ever do for you, please do not hesitate to ask. And again, thank you very much for your help, donation and kindness.

Have a great upcoming holiday season, and best wishes to you and your family and your band members!

Sincerely,

Dan Jansen

Milwaukee, WI 53207

Dear Mr. Drake:

The enclosed award is given to you in sincere appreciation of your support of the Muscular Dystrophy Association during 1999-2000. Your participation in MDA's programs and events has a great impact on the lives of children and adults with neuromuscular disease.

Your dollars are making a difference! Check out the very latest research advancements:

- **Human Genetic Code** – Researchers have identified all of the pieces of DNA that make up the human genome. This will allow them to find disease-causing genes and the more subtle "risk factor" genes that increase the chance of developing disorders such as ALS, or Lou Gehrig's disease.

- **Stem Cells** – Building new muscle to replace that lost to a genetic disease requires the combination of many areas of scientific knowledge including stem cell technology. Recently, researchers isolated stem transplanted from one mouse to another.

- **Bioartificial Muscles** – Researchers have created small artificial muscles that may one day be used for structural muscle replacement. The goal is to grow large amounts of muscle to replace that lost in patients.

I hope you are excited about the recent research developments and take pride in knowing that you helped make them happen. Thank you for being a part of the MDA family. We're grateful we can count you among our friends.

Warmest regards,

Linda Garcia
MDA District Director

Mr. Michael Drake
2600 East Ohio
Milwaukee, WI 53207

Dear Michael,

On behalf of the entire staff, volunteers, and patient families, I would like to extend our sincere thanks for your help in making the Light the Night 2000 a huge success. On Thursday, September 21st, 812 walkers together with tremendous support from their friends and family raised $92,620!

Your enthusiasm throughout the evening was great. I appreciate your help with announcements and especially the raffle. It really turned out to be a great night.

All proceeds from this one-day event supports the mission of The Leukemia & Lymphoma Society: Cure leukemia, lymphoma, Hodgkin's disease, and myeloma and to improve the quality of life of patients and their families. You should be very proud that you have made a significant difference in those lives touched by blood-related cancers. Thank you.

Sincerely,

Ann Marie Cleary

June 5th, 2000

Michael Drake
Michael Drake and the No Tan Lines Band
2600 E. Ohio
Milwaukee, WI 53207

Dear Michael;

On behalf of the Muscular Dystrophy Association and the individuals we serve, thank you for sponsoring a rest stop at the sixth annual Walk With The Animals! Your calypso sounds are always a huge hit with children of all ages.

No Lion! We are proud to report that more than $15,000 was raised to benefit more than 80 children in southeastern Wisconsin affected with Duchenne muscular dystrophy. Over 350 walkers joined MDA on a beautiful and sunny day at the Milwaukee County Zoo for a roaring great time. Walkers enjoyed the wonderful weather, great entertainment and good food, while helping raise awareness and money for Duchenne muscular dystrophy.

With your efforts, there is hope…we're getting closer to finding a treatment and a cure. Recently, MDA-funded research has lead to a break-through in gene therapy treatment for those affected by Duchenne muscular dystrophy. This is by no means a cure, but a gigantic step closer to conquering this disease.

Your help ensures that these vital efforts will continue until a cure is found for all Duchenne clients. Please pass along my gratitude to the members of your band, who also helped make the day a success. Thank you again, Michael. Your generosity has really made the difference!

I have processed your bill through our National office and you should be receiving your check in the next couple of weeks. Please give me a call if you have any questions.

Sincerely,

Linda Garcia
MDA Program Coordinator

Thanks Michael!

WISCONSIN CONSERVATORY OF MUSIC

♬ *A Community Music School* ♬
All Instruments -- All Styles
All Ages -- All Abilities

November 5, 1996

Michael Drake
P.O. Box 07134
Milwaukee, WI 53207

Dear Michael,

On behalf of the faculty, staff, Board and, especially, the students of the Wisconsin Conservatory of Music, I wish to thank you for your in-kind donation of your CD "Welcome to my Island" to the Conservatory Library, valued at $15.00. *While it is the responsibility of the donor to value the donation, this is our good faith estimate.*

In-kind support is extremely valuable to the Conservatory because it defrays expenses that would otherwise need to be paid from our operating budget. Your donation keeps the Conservatory (and Milwaukee's musical culture) healthy and vibrant, and is very much appreciated!

The past year has seen many changes at the Wisconsin Conservatory of Music. We've opened new branches and maintained existing ones throughout Milwaukee. We've developed a cooperative degree program with Cardinal Stritch College and expanded our Music Therapy/Adaptive Music Program. We are working with public schools to provide specialized instruction. We have budgeted for -- and received -- more scholarship funding than ever before. **Your in-kind contribution has helped make this progress possible! Thank you again.**

The Wisconsin Conservatory of Music, the oldest and largest independent music school in the state, provides the finest musical education and performance opportunities not only to the aspiring professional musician but also to children and adults who desire cultural enrichment and self-fulfillment. Founded in 1899, the Conservatory offers private lessons, class instruction, performances and a nationally recognized music library. Over 70 degreed professional teachers and performers serve on the faculty; over 1,000 students are enrolled each full semester; and over 100 concerts and recitals are open to the public annually. The Conservatory demonstrates its commitment to the community by providing scholarships and financial aid to the musically talented and to the economically disadvantaged.

Sincerely,

Joyce

Michael Drake (& Band)
2600 E. Ohio
Milwaukee, WI 53207

Dear Michael:

On Sunday, September 24, 1995 a wonderful event took place at the Milwaukee County Zoo to benefit the Muscular Dystrophy Association in its fight against Duchenne Muscular Dystrophy. Your support of this event, "Walk With The Animals," made it a tremendous success. We would like to take this opportunity to thank you on behalf of MDA and all those affected by Duchenne for your kindness and support to such a worthy cause.

Today, pledges and sponsorships from the event continue to come in and we are confident that "Walk With The Animals" proceeds will exceed $18,000! This money will be used to fund research projects relating to Duchenne Muscular Dystrophy.

We are getting closer and closer to finding a cure for this disease that affects thousands of children and young adults. In 1986, MDA-funded scientists discovered the defective gene that causes Duchenne. In 1993, MDA researchers discovered that gene therapy can prevent muscle destruction and preserve muscle function. Researchers are now searching for the means to apply this method to humans.

Thanks to your efforts, this first-time event far exceeded our hopes and expectations. We hope you share in our excitement as we plan to make this walk an annual tradition until we find a cure for Duchenne and the 39 other forms of neuromuscular disease that we encounter at MDA.

Sincerely,

Lisa Manske

Dear Michael,

Thank-you for bringing warmth and sunshine into our lives on a chilly November day. As usual, your presence and musical repertoire turned an ordinary event into something special. My daughter has been playing (blasting) your CD continually while attempting to harmonize with her school issued trumpet and 6 days playing experience. (My Advil bottle needs replenishing) We all love the CD and are trying to tactfully tell her to let us listen just to Michael. Of course, her brothers are not tactful at all! She's excited about the prospect of having a private lesson with you. I'll call you later in the week to set it up. Michael, thanks again for making our event a success.

To date, pledges and contributions from Joe's Run total over $27,000. All contributions help us provide services to more than 7,600 children and adults in our community with cerebral palsy and similar disabilities. This year's proceeds from Joe's Run will primarily fund our **Supported Employment Program** which provides supported employment services to adults who have developmental or learning disabilities.

Your support is very important to us as we work to improve the quality of life for people with disabilities in our community. Again, thank-you for your assistance in making this a very successful event for United Cerebral Palsy of Southeastern Wisconsin.

Sincerely,

Dear Michael:

Well, Vampire Joe's First Annual Halloween Run, Walk & Roll is behind us. And while we are already gearing up for our upcoming events*, we first wanted to thank you for your tremendous support.

The checks are still coming in, but it appears we will raise over $32,000! For a first time community run, Vampire Joe's can be considered a great success! Experienced runners gave Sunday an "A" for a first time event! That success can be directly attributed to you (and others like you) for your support. United Cerebral Palsy (UCP) thanks you for providing fantastic musical entertainment. We hope your contribution has left you with a positive feeling by allowing thousands of your neighbors to continue to receive vital services to maintain their independence.

If you have any ideas to improve the event feel free to call us at 272-4500. As a matter of fact, we would love to have you join our planning committee to help build a bigger and better Vampire Joe's for next October.

Once again, thanks for everything. We look forward to hearing from you and we'll keep you informed of our plans for next year.

Dear Michael ,

We at United Cerebral Palsy of Southeastern Wisconsin (UCP-SEW) want to **thank you** for your support this past year. **As you already know, our work is so very important.** Cerebral palsy is not a disease, **there is no cure**. Children and adults with cerebral palsy need *lifelong services* to help them thrive. **We want you to know how much we value your support.** You really help us "make it happen" for children and adults with disabilities.

With your continued support in 1997, we look forward to helping many more people realize their potential and obtain their dreams. We believe in the **Promise of People** - that everyone should be seen for their abilities, not their disabilities. Peace & joy to you and your family this holiday season.

Sincerely,

Bridget

Bridget Bannon
Director of Development
and Communications

As a person who has graduated from college, been a competitive athlete, worked my entire life and have the joys of being a husband and father, I want everyone to have the same opportunities as I have had.

Mildly affected by cerebral palsy myself, I know how sometimes achieving these things are difficult. With additional help, children and adults who are severely affected can do so much more.

That is why I believe so much in the programs of UCP and why I am Board President. I have committed myself to making UCP a strong organization which will continue to serve children and adults with disabilities. Please join me in supporting UCP this year, and for years to come.
